

Quality Control/Product Wrapper

About the Job:

Pacific Coast Marine Windshields (www.pmw.ca) is growing and hiring a Quality Control/Product Wrapper to join our growing and dynamic team, based out of Delta's Tilbury Park.

Shift Available: • Day Shift - Monday to Friday (8 Hour Shifts) - 7:00am to 3:30pm

Responsibilities:

- Inspect all material for defects while cleaning the windshields and wrapping
- Label each windshield with appropriate tag
- Load materials onto pallets and prepare for shipping
- Communicate rejected material to supervisor
- Keep area neat and tidy
- Help in other departments when required (training will be provided)

Requirements:

Be able to lift 30lbs (14kg) comfortably • Understanding of basic English (written + spoken)

No experience necessary – we will train candidates who want to learn!

These skills/knowledge are an asset:

- Prior knowledge of operating machinery and hand tools
- Valid forklift license (or previous experience in forklift)
- Experience in a manufacturing environment

PCMW will supply all staff with shop PPE, but all staff are required to provide their own CSA approved steel-toed boots

Starting Wage: \$17.00-18.00/hour (depending on experience)

APPLY TODAY!

What we offer:

Profit Sharing • Health benefits • Overtime opportunities • Opportunities for training and advancement within the company. • Family culture and supportive team environment

Kindly note that only those candidates legally able to work in Canada and selected for an interview will be contacted. No agencies, please.

About us:

Pacific Coast Marine Windshields was founded in 1989 and is North America's premier marine windshield manufacturer for recreational boats. Manufacturing the world's most consistent marine windshield is no easy task. At PCMW, we excel at producing unique design solutions that align with our cutting-edge manufacturing processes. We utilize CNC-controlled forming equipment and robotic arms to give boat builders the best quality product, delivered to their factory on time, every time. Our team members take pride in the quality workmanship that our customers appreciate.
